Converging Technologies in Medical Devices

Networking event: 18th March 2009, BMA House, London

Benefits of attending:

- **A UNIQUE OPPORTUNITY** to identify technology partners through one-to-one meetings
- **EVALUATE** the regulatory implications of converging technologies and combination devices
- **DISCOVER** a new approach to address the challenge of the material/human interface in medical implants
- **LEARN ABOUT** the latest technology developments in combination devices
- **CONSIDER** cutting-edge developments in medical imaging for intervention
- **ASSESS** the challenges of integrating new medical devices into clinical practice
- **GET AN UPDATE** on the latest research into medical devices technology from the leading academic centres in the greater SE England

Speakers confirmed so far include:

- Dr Lincoln Tsang
Partner
Arnold Porter
- Alan Horner
Science Manager – Bone
Smith & Nephew
- Daniel Green
CEO
BioCeramic Therapeutics
- Professor Ian Swain
Dept of Clinical Sciences
Salisbury District Hospital
- Dr Ali Akgun
CEO
Specialty Scanners
- Dr Lars Wahlberg
EVP & COO
NsGene
- Dr Rajshree Mootanah
Director, Medical Engineering
Research Group
Anglia Ruskin University
- Dr Arthur Tucker
Clinical Microvascular Unit
Barts and the London School of Medicine

Advance notification of networking event

Converging Technologies in Medical Devices

9.00 Registration

9.30 **Introduction to LTN**
Jolyon White, Technology Consultant,
London Technology Network

9.45 **Opening address**
The regulatory implications of converging technologies and combination devices
Dr Lincoln Tsang, Partner, **Arnold Porter**

Session 1: Innovation in Tissue Scaffolds and Regenerative Devices

10.05 **An overview of converging technologies in orthopaedics**
Alan Horner, Science Manager – Bone,
Smith & Nephew

10.20 **Creating multilayer nanotechnology coatings for orthopaedic implants**
Dr Rajshree Mootanah, Director, Medical Engineering Research Group,
Anglia Ruskin University

10.35 **Bioactive scaffolds for tissue regeneration**
Daniel Green, CEO,
BioCeramic Therapeutics

10.50 Panel discussion

11.10 Networking break with academic poster and partnering sessions

Session 2: Cutting-edge Technology in Combination Devices

11.50 **An overview of the latest developments in combination devices**

12.05 **Innovative approaches in cardiac stent technology**

12.20 **Encapsulated cell bio-delivery technology**
Dr Lars Wahlberg, EVP & COO, **NsGene**

12.35 **Future directions in the combination devices market**

12.50 Panel discussion

13.15 Lunch with academic poster and partnering sessions

14.30 **Panel Discussion: The challenges of integrating new medical devices into clinical practice**

Chair:

Jolyon White, LTN

Panellists:

Dr Arthur Tucker, Clinical Microvascular Unit,
Barts and the London School of Medicine

Professor Ian Swain, Dept of Clinical Sciences,
Salisbury District Hospital

Session 3: The Latest Developments in Invasive Interventional Medicine

15.00 **Converging technologies in assisted surgery**

15.15 **Cutting-edge developments in medical imaging for intervention**

15.30 Networking break with academic poster and partnering sessions

16.00 **New technology for MRI-guided treatment**
Dr Ali Akgun, CEO, **Speciality Scanners**

16.15 Panel discussion

16.35 Close

SPONSORSHIP

This unique event will be an excellent opportunity to initiate new relationships through tailored networking and a showcase of the latest academic research. LTN offers a range of sponsorship packages to enhance your brand, for further information contact Kate Ray on **0870 730 8682** or **k.ray@LTNetwork.org**

For further information, please contact **Lauren Gold** at
l.gold@LTNetwork.org; tel **0870 730 8661**

Registration

| | | |
|-----------------|---|-----------------------|
| Payment: | Large companies (150+ employees) | £199 (+VAT = £228.85) |
| | Small / medium companies (50-149 employees) | £120 (+VAT = £138.00) |
| | Academics* and micro companies (49 employees and below) | £75 (+VAT = £86.25) |

Discount available on multiple bookings (3 or more places). Please call Lauren on 0870 730 8661 for more details.

* Academic rate is extended to full-time employees of government, universities and university-affiliated hospitals only.

Costs for the conference are shown above. The fees are all exclusive of VAT (15%). **All payments must be received prior to the conference and should be made within 14 days of receiving a provisional place.** Attendance will be confirmed upon receipt of payment. Prices include reception, lunch, refreshments and delegate documentation. All LTN events are by INVITATION ONLY to ensure that the quality of interaction is maintained. To apply for an invitation, and to find out about different payment methods, please email: **Lauren Gold** at l.gold@LTNetwork.org. **Cancellations must be made at least 5 working days before the event.**

Testimonials

"I met a vital contact at the event which would have been highly unlikely to have met them anywhere else"

Dr Mark Maconochie, University of Sussex

"It's never easy trying to get hold of the right people – and there were a number of companies at the event that I have been trying to meet for a while. The European contacts that were brought across were excellent. I have a number of interesting opportunities coming up as a result" **Tak Ishikawa, Ilika Technologies Limited**

This event will take place at
BMA House, Tavistock Square, London, WC1H 9JP

How to get there

This event will take place at BMA House, Tavistock Square, London, WC1H 9JP, Tel: 020 7383 6963/6692

For a more detailed view, please go to: <http://www.bmahouse.org.uk/bmahouse.nsf/Content/WhereToFindUs>

BMA House is easily accessible by public transport.

The nearest Underground stations are Euston (Northern and Victoria lines), Russell Square (Piccadilly line) and Euston Square (Circle, Metropolitan and Hammersmith and City lines)

The closest main line train stations are Euston and King's Cross St Pancras which are less than 10 minutes' walk away.
